

Integrated Farming – sustainability and management

Organisations working together to promote agriculture

A practical event looking at options to build future operational resilience for your farming business while working in harmony with its environment

We will be exploring what exactly is meant by “Natural Capital”, how can it be beneficially utilised, integrated and, productively managed so to promote future farm business robustness and sustainability.

BASIS CPD points available

5th July 2018 – Little Pix Hall Farm, Hawkhurst, TN18 4HT – 9:30am to 13:00pm

Courtesy of Dr RJ & Mrs CS Wratten and Farm Manager William Steel

Lunch and soft drinks provided
