

**A clear solution
for farmers**

CATCHMENT SENSITIVE FARMING

INNOVATION for AGRICULTURE

You are invited to join a **FREE** event:

Improving your soil organic matter

An interactive workshop on building organic matter for soil health and fertility with *Catchment Sensitive Farming* and *Innovation for Agriculture*

Thursday 21st February 2019, 10:30 – 15:30

**Swarraton & Northington Village Hall, Basingstoke Road,
Swarraton, Alresford, Hampshire, SO24 9TQ**

10:00 for registration & refreshments

Guest speaker:

**Stephen Briggs from Innovation for
Agriculture**

Topics will include:

- Catchment Sensitive Farming and soil issues in the catchment.
- The basics of soils and improving soil organic matter, including cultivations, soil biology, physics and chemistry, organic matter impact on loss of nutrients and soil, and weed control.
- Increasing soil organic matter, including cover crops and green manures, compost, sewage sludge, biochar, incorporated straw, rotations and re-introducing livestock to the arable farm, and organic manures.

To book a place contact Aldous.Rees@naturalengland.org.uk 07584385146 or james.farr@naturalengland.org.uk 07825124078.

Alternatively use eventbrite <https://hampshire21feb.eventbrite.co.uk>

Lunch will be provided. BASIS points available

Natural England takes looking after your data as seriously as we take looking after the environment. Your data is only used by us so we can email, call, write or text you about our Catchment Sensitive Farming work. This will include advice, access to grants, events and campaigns. We hope you want to hear from us but you can change your preferences or mind at any time by emailing us on:

catchmentsensitivefarming@naturalengland.org.uk.
